Meeting Highlights

After the meal the Notre Dame Ensemble under the direction of Ms. Renee Harris from Notre Dame Academy in Park Hills, KY will entertain us. Since Wood Brothers does not have a piano, they plan to incorporate bells into their program.

Complete details of meeting were not available at press time. For additional information contact George Gore at 859-442-9050 or check our website at resc-online.org

Jack Clock

Well another year is almost shot. As I get older I realize how fast time really does fly. With a name like Clock I wish I could *slow the hands of time* a little. But not being able to do so, I guess I should enjoy the present and make the most of it.

For those of you having access to the Internet, our newsletter is now on our website at resc-online.org. Lee Hite has done a great job of creating and maintaining this site. There is a lot of relevant and valuable information posted there. If you have not already done so, check it out and check it often.

Hope to see you at the December luncheon meeting. Because of time constraints and the fact that we will be out of town during the week of Thanksgiving, it was necessary to get the newsletter out early. Because of this fact all of the details of the December meeting were not finalized at the time of publication. If you have any questions about the meeting please contact George Gore at 859-442-9050 or check our website.

Have a safe and happy holiday season.

In Memoriam

Allen J. Costantin

This memorial is dedicated to my good friend and our esteemed colleague, Allen J. Costantin, deceased Second Vice-President of RESC. Al was a native of Clifton, NJ. He was a graduate of Worcester Polytechnic Institute with a B.S. in Chemical Engineering. He also acquired an MBA Degree at Rutgers

University and served as a commissioned officer with the U. S. Army Corps of Engineers. His last position in industry was with the Crown Cork and Seal Company as Regional Sales and Marketing Manager. Al prosecuted his responsibilities with family and in his profession honestly and diligently,

and left "good tracks" for his six grown children, grandchildren, and all of us whose lives touched his to follow. He was enthusiastic and congenial, and very objective oriented. It was delightful to be in his company. We join his wife, Em, in the sorrow that marks his passing. At age 68, the 23rd of August, 2002, Al reached his destination in this life's journey and he's moved to the better place at the ultimate destination. We will meet again!

Annual Dues For the Retired Engineers and Scientists of Cincinnati for the 2002-2003 year are now due. Our Dues Year begins October 1st and ends September 30th the following year. The RESC Control Board has reluctantly voted to increase the dues for 2002-2003 to \$10.00 in light of the postal increase in June and the deficits incurred in recent years. You may pay your dues when you send in your reservation for the November meeting or send them separately to RESC Treasurer Art Kupferle at: 2769 Blackberry Trail, Cincinnati, OH 45233-1721. **Checks should be made payable to RESC (not Art Kupferle).**
