Betty Stephens, B.S., M.A., Rank 1 - Coordinator of Outreach, CINSAM

Karen Ware, B.S. - Project Manager, CINSAM.

PROGRAM: The mission of CINSAM is "Improved Learning, Teaching, and Understanding Science and Mathematics - Outreach to K-12 Teachers and Students."

The speakers will give a brief overview of CINSAM and what a science fair is like; how science fairs help students, encouraging them to become inquisitive about their surroundings; what makes things work; how to compete for awards, including possible scholarships to college.

They will discuss how this is accomplished in the Northern Kentucky area and why the program was started; how the K-12 students and teachers fit in; communication with the high schools and math and science teachers in northern Kentucky.

There will be a question and answer period after the presentation.
